Textbook: *Elementary Linear Algebra*, 4th edition, by Andrilli and Hecker.

Prerequisites: M408D, M408L, M408S with a grade of at least C-, or consent of instructor. (Credit may not be received for both M341 and M340L. Majors with a 'math' advising code must register for this rather than for M340L; majors without a 'math' advising code must register for M340L. Math majors must make a grade of at least C- in M341.)

Homework: There will be weekly homework assignments due on Thursdays. Late homework will not be accepted for any reason. One lowest homework score will be dropped at the end of the semester.

Exams: There will be two 75 min. in-class midterm exams (March 1, April 5) and the final exam (Friday, May 11, 2:00-5:00pm). A makeup will be given only if you miss a test because of a university sponsored event or a documented medical excuse. Class notes, books, cell phones and calculators will not be allowed.

Grading and Attendance: To compute your final course grade, I will average your homework (15%), midterm exams (25% each) and the final exam (35%). Class attendance will be taken at the beginning of each class and will contribute towards your final grade. An absence cannot be excused for any reason. One lowest attendance score will be dropped at the end of the semester.

The cut-off numbers for grades will be:

Cut-offs	Grades
93	A
90	A-
87	B+
83	B
80	B-
77	C+
73	C
70	C-
60	D

Documented Disabilities: If you have a documented disability, you should contact Services for Students with Disabilities (SSD) at (512) 471-6259 (voice) or (866) 329-3986 (video phone), or visit <http://ddce.utexas.edu/disability/>. You must contact me by the 12th class day to ensure that accommodations can be made.

University Honor Code: Cheating is punished to the fullest extent allowed by university policy. Cheating includes, but is not limited to, using any electronic device on an exam, and presenting another person's work as your own.
